Medicine Lecture & Clinical Class with Respected Teachers

From the Desk of Chairman

I feel honored and great privilege for being the Chairman of Bikrampur Bhuiyan Medical College. It was a difficult task to establish a modern Medical College in Munshiganj-Bikrampur but we could make it by our total efforts, commitment and dedication.

Commitment, dedication, sincerity and professionalism are the keys to success in medical profession. We will always try to implement these qualities in the character of our medical students. I am confident those who will get an opportunity to study in this medical college will enter into one of the finest and ideal Medical Institution which will provide the best possible professional knowledge by its highly qualified and dedicated faculty members.

Since assuming the responsibilities of Chairman of Bikrampur Bhuiyan Medical College, it is always in my mind to do everything possible for the good of this Institute. Surrounded by natural lakes, greeneries, a unique place for students for study. The College has a beautiful academic building and hospital. There are separate hostels with all facilities for both boys and girls. Experienced and well qualified faculty members with all modern teaching materials and medical equipments will always take utmost care of the students in their academic pursuits.

Our endeavor is to create medical graduates who will be able to give services to people both in home and abroad.

I cordially welcome the student to this prestigious Institution and we will all work together to make this Institution a Center of Excellence to serve as an ideal model not only in the country but in the region as well.

M. Aminuzzaman Bhuiyan

Chairman

Bikrampur Bhuyian Medical College

Message from the Principal

It is my great pleasure to let you know about the history of Bikrampur Bhuiyan Medical College which is situated at the Srinagar Upazila of Munshiganj near Dhaka-Mawa highway.

This medical college is a great courageous step of the members of the renowned Bhuiyan family of this upazilla who since long time dreamt to establish a modern medical college at their birth place which will bring state of the art medical education as well as medical service at the door step of the people of this area.

Since its inception, This medical college recruited a group of highly experienced dedicated teachers, consultants and auxiliary staffs , procured state of the art, medical instruments and teaching aids which combined to produce a health care service and medical education of the top most level possible.

Our college has separate college & hospital buildings, separate hostel facilities for boys & girls and a beautiful play ground for outdoor games and socio cultural activities. These facilities will definitely help our student to remain strong both physically & mentally and become socially dedicated good physician in future who will be always ready to contribute to solve health problems both at national and international level.

The performance of our students till date are highly satisfactory in different professional (MBBS) examinations of Dhaka University and two of them also achieved honors marks in 1st and 2nd professional examinations which gives an indication of the highest quality of guidance given to our students. I wish all of them a very happy and prosperous future.

Looking forward to welcome the new batch of students.
